Dear family of Bernice Lindig Wilson,

It's been a while, but I wanted to share a few wonderful memories of Bernice.

She was always great at helping us out when we moved onto Cherry Creek road in 1974. We lived ~ 1 mile down the road and up through the woods. We lived in a tin house with no electricity or potable water, and an outhouse. Bernice and Don helped us out many times, but one I remember the most is when I was in labor with my second child, Brooke. The midwife came from Corvallis with an assistant with a 9 month old baby. I could not face the labor with a baby in the house. Greg drove the midwife's assistant to Bernice and Don's in the middle of the night and asked them if they would babysit this unknown child while I was in labor, and they did! Bernice generously helped out in the rural Public Health clinic that I ran out of the Methodist Church in Monroe. I only have wonderful memories of her and so appreciated all she did for us and the community. She was truly a good person.

Thanks for letting me share these thoughts.
