“ Sarah, you may not remember me, but I knew both you and Jaimy at Utah State. For some reason I was thinking about you both this morning and did a search on Facebook to see if I could see a page for either of you. Facebook didn't work, so I tried Google and came upon Jaimy's obituary. I am so sorry for your loss!! I remember you both as such kind, good, friendly, and accomplished people. It seems from reading about Jaimy, that you both continued the good lives you had already begun when I knew you, and have and are passing on those wonderful traits to the next generation. I'm blessed to have known you, and I will keep your family in my prayers.

“ I am so sorry to hear of Jaimy's passing. My thoughts and prayers are with you all, and I wish you peace. I have such fond memories of Jaimy in the years leading up to and throughout High School. We were friends, frequent team mates, and fierce (but always friendly) cross-town rivals. Jaimy always stood out to me as such a kind person; one with character beyond his years, and a sweetness and humble nature to go with his amazing abilities on and off the field. Sincerely, Greg Lattin

“ What a blessing it was to have known Jaimy. It also was an honor to attend his beautiful memorial service. He excelled in every aspect of life on which he placed his focus and set an example of service and performance few can match. He could light up a room with that smile and those bright blue eyes! He will be sorely missed. May God bless and be with his family during this difficult time. We're grateful for the Gospel of Jesus Christ and the knowledge that he will ultimately be reunited with them. Mike Arnold, CHS '79

“ I didn't *know* him (I was senior to his freshman) but I do have memorable recollections of interacting with Jaimy. In PE class (basketball), the wide grin, and the infectious enjoyment he took in the game, and of course the superb skills for a freshman. So I wasn't surprised in later years to see his name popping up often in the sports news. He obviously had a huge positive influence to so many people. Thank you, Karl Madden, CHS '77

“ Growing up close to Lance, I spent a lot of time at the Patton home and always looked on Jaimy with awe and respect. Even as an adult, I felt the same for completely different reasons. Jaimy was always and will always be an example of who we would like our own children to grow up to be like. I love the entire Patton family and I am sending all the love and support to them that they showed me as a child.

“ After moving to Corvallis from Michigan prior to my junior high school year, I was so honored to be on the baseball team in the Spring of 79 as we progressed to the State Championship. Getting to know Jaimy during this time was so special. I remember joking around with him between double headers. And then as Student Body Treasurer our senior year, was able to work with him a lot in student government issues. He was a special man, a great father, husband and friend and we will all miss him dearly. Special prayers to his family. Bill Smelser, Marriott International, CHS 80

“ Our thoughts and prayers are for Gods peace and comfort for the entire Patton family. Jaimy was a blessing to all who were fortunate to know him. He demonstrated all the positive qualities you look for in a friend and teammate. He always brought joy when you had the chance to visit with him. His presence in our lives will sorely be missed.

“ My sister, Kim Heath, and my brother, Matt Maddox, both sent emails to all their brothers and sisters, early this a.m., to tell us of your son Jaimy's passing. I just wanted to send my condolences. I remember Jaimy and what a wonderful person he is: he has a testimony of the Gospel of Jesus Christ and is kind, obedient, respectful, and fun-loving.

I wish I could be at his funeral, but living in Brigham City, UT, and recovering from a knee replacement, it isn't doable, but know my prayers and best wishes and condolences are with you and your family.

May the Lord continue to bless you with His richest blessings and the comfort of His Spirit. It is such a blessing to have the restored Gospel of Jesus Christ at times like this to give us some understanding of the purposes of life and death and comfort in looking forward to being reunited once again.

All my love, Becky Maddox
