“ Much love to you and your family Wendy. Although I never knew your mom, I know you and I'm sure she was the most wonderful person. May she RIP and may you and your family find comfort in your memories and knowing you will be together again one day.

“ Sweet June... how I will miss her. My mother and Joan grew up together in Oklahoma as cousins, and though they were closer to the same age, with the passing of my mother Joan and I grew close, though we were hundreds of miles apart. I enjoyed entertaining her just as she did me so many times when I visited in Oregon. We talked often on the phone and had many laughs about her not missing Oklahoma tornadoes. Joan was the last link to my mother's childhood, and I cherish all the stories she shared with me. You children had a wonderful upbringing, with a mother and father that loved you above all else. May your sadness soon be lessened by good times and memories. Thank you for sharing your mother with me these last year's. Love to you all.

“ Wendy and Mikelyn;
Just wanted to offer my condolence, after reading about the recent passing of your mother, Joan. I would attend the service at Suburban Christian Church on January 16th, but am leaving town Sunday for about 3 weeks; I am sorry I will not be able to express my sorrow for your loss to you two (as well as Blake and Whitney) personally.
Enjoyed seeing her picture with a schnauzer--I remember that her pets were always special to Joan. You were both extremely fortunate to have Joan for a mother and mentor--I am sure that is not new news to you. Again, my sincere sympathy for your loss--you parents left an impressive legacy and family.

Sincerely,

Steve Callahan
