“ From Betty Eldridge and Ann Ferguson: My mom and I had the pleasure of meeting Annie in July 2016 at RiverPark care facility. She was the best roommate that my mom could have! Annie really looked out for my mom and would call the staff if she thought mom needed assistance. She was truly a light in a dull place! You would of never known that she was in pain, as she did always have that twinkle in her eye and a smile. So sorry to hear of Annie's passing and regret that we didn't get to see her one more time! My mom, Betty is currently recovering from a umbilical hernia surgery and is in another care center. We were just talking about Annie when mom was admitted there and wishing that we could have someone like her around to cheer us up. Thinking of her family and feeling their loss at this time. Take care, Ann Ferguson
