“ Mabelle, I have known, actually, since grade school but we became friends in middle school, high school and college. Although we lost touch while we each raised our families and moved about, we met up again in the last ten years and enjoyed destination get togethers. So many memories. . . double dating to grandmothers. I so enjoyed sharing our mutual love of nature and gardening. She was so interesting to discuss plays and literature as a reflection of the human experience. And, yes, her laughter of a good comedy! We talked for hours about our families. I know how important the well being and happiness of her four children and three grandchildren were to her. My heartfelt sympathy to each of them as they reflect on the impact and memories of their mother and grandmother. Her sweet, quiet and so very kind nature will be missed.

“ *Machelle and I were classmates at Springfield junior high and high school. However, I didn't really get to know her until we reconnected in Corvallis several years ago. She began working with us at the OSU thrift shop and was a wonderful companion. Machelle was kind, funny, very interesting - A beautiful person and a good friend. She will be greatly missed.*
