“ I'm sad to find that you've moved on without being able to say goodbye. I grew up living next door to sweet Betty and Greg. We'd go over there every few days and she'd let me look at all of her dolls then get me and my two siblings a scoop of vanilla sugar free ice cream. We visited them once after they moved to the Denver area. We lost contact and all of us kids grew up. I know it's been a few years but knowing the loss of someone you love never goes away. My heart is with your family. Rest In Peace Betty. You'll always have a place in our hearts. -The kids that grew up next door
