“ *Bill Spinney was an exceptional human being. He always gave a smile to everyone. He also had such insight into caring about other people. I thanked him several times for sitting with other people and giving them company. He could read lips very well, but he also could read hearts even better. Everyone could have benefited from knowing him.*

He will always be remembered for one of my special residents. I gave him an aromatherapy foot wash right before he went into the hospital. He loved it! I will miss him greatly.

“ *I remember Billy from the Mid 60's. He had a nice El Camino that he would drive around Philomath. He would always buy beer for me and my buddy, since we were minors. Those were the innocent days of our past. Lost track of him after I graduated and moved out of Philomath, but the memories are still present. RIP, Billy.*

“ When I was a young girl, Uncle Billy would let me go with him to the old Kings Valley Store. And he would buy me a soda out of water cooler (do not know exact name of it only that it was filled with cold water and the sodas were in the water. It made me feel special.
