“ As we lived on opposite coasts, I only rarely got to spend time with my cousin Bonnie, but when I was able to visit her at her home some years back, I finally had an opportunity to appreciate the richness of her life, the deep abiding love she had for her family, and the passion she had for community---the people, the school and her students---as well as for the natural world all around her. Her warm smile and sincerity of heart will be embossed in my memory always. Only just recently have I learned of Bonnie's courageous and selfless work to protect the health of her community. She was a brave and selfless heroine. Whenever I am on the banks of a river, and especially when I have the joy of watching an American dipper, I will smile and think of dear Bonnie! With deep condolence and love to all her family and loved ones.

“ *Bonnie was very caring; always eager to help even if it meant bending the rules a bit. Nonetheless she could make us toe-the-line. For example she brought a professional discipline to editing the AVV. Submissions must be received by a certain date and # words less than the standard limit.*

She'll of course be missed for her carrying the lion's share of the responsibility for making AVV happen. But I think she'll be missed mostly for the thoughtful kindness she gave each of us. She'd tip her head while looking intently into my face, and with a concerned look, ask about some care in my life - or in my family's life.

“ How can I say how much Bonnie meant to me? There truly aren't words to explain how much she touched my families life, along with the whole community of Alsea. Bonnie was the kindest soul I have ever had the honor to know, and one of the brightest ladies I have ever known. Yet she treated every person, young or old, with the exact same respect and ultimate kindness. The word 'judgement' was not in her vocabulary....she accepted each person who she met with the exact type of respect and kindness....and with that ever present smile. She was one of the cornerstones of updating the school in a Alsea, raising the expectations of every student who attended Alsea School District. I was so fortunate, and lucky, to work with Bonnie for over 25 years at Alsea School, and personally saw her never ending, and tireless work, she put into her teaching. The community of Alsea was very blessed to have Bonnie chose Alsea as her home, and school to teach at for so many years. Her children are evidence of what an amazing lady and mom she was...the four of them are a mirror of who their mom was....a lovely, loving, beautiful soul. I will always treasure my friendship with Bonnie, and her family. Please know my love and prayers are going out for Adrienne, Jason, Cedra and Cait and their children. Life will never be the same but you have her love that will always be with you all.....she loved you so very much. ❤️❤️

“ Bonnie was an amazing teacher, truly someone who cared as much about the subject matter as the student she was teaching it to. My sympathies to the family - may the fond memories that people have of Bonnie ease your hearts during this difficult time.

Bonnie was an amazing person who accomplished large things in a small community. She was an amazing teacher and dedicated protector of the environment. She was a quiet force that will not soon be forgotten. Love to her family

Five years later I realize Bonnie's gone. A brotherly hug to Adrienne, Jason, Cedra and Ceite. What an inspirational life you could share and witness with your mum. Luca
