“ *Grandma toi was amazing grandma, for only knowing her for a short period, she would always tells me stories of when she lived in Thailand. And all the amazing things she did and all her adventures. She was such a sweetheart and always managed to put a smile on my face. She would always talk about how much she loved my grandma homemade cheesecake.*

She was an amazing woman. An amazing grandmother and amazing mom.

I love grandma. I always will. May you rest in peace ❤️
