“ I met Brent through our love of butterflies. He and Deb visited us at our home in Corvallis and we looked at butterflies. He was a very good friend and I will miss his warm smile and sense of humor. We are thinking of you at this difficult time, Deb. Rest in Peace, Brent.

“ A very good and kind man was Brent. Quick to smile and laugh. Fair to all. Creative. As comfortable in the woods as he was on the race track or in the shop. He found the thrills. Now rest in peace.
