Brian was the first contractor that gave me an opportunity to help him with his business. Immediately, when Keith Brown shut the doors, I answered the call, I helped him, and he decided to give this rookie an opportunity. I learned a lot working with him. He was always calm, collected, and professional. He cared about helping people grow and learn and that's what he did for me. He helped me grow and learn as an outside sales rep with builders first source. I am saddened to hear about his passing however, I would not be where I am now if it wasn't for him, giving me a chance.
