“ Bruce was truly a one-of-a-kind gentleman and an outstanding professional. He had an incredible ability to maintain his positive attitude even in times of great pressure, and treated everyone with sincere kindness. Bruce loved his family dearly, and I know he will be missed very much by everyone. He also loved Western Pneumatics and will always be in the hearts of the WP team. I feel very fortunate to have known and worked with Bruce, and offer my deepest condolences to his family, friends, and all who grieve for his passing.

“*Bruce was a wonderful partner in business and was a staple in the industries his and our company served, but it was on a shared flight that I was able to get to know him as a man and really appreciate his friendship both for myself and professionally for the company. He was a man of his word and a consummate professional. I missed him when he retired and will miss him even more now.*
