“ As a student worker on the Grounds Crew, Chuck was my boss. What a great leader! Later he helped me get my landscape contractors license. Through the years we exchanged some Christmas cards too. I just found out about his passing. Prayers to Gail and his family. Steve Yates.

“ Chuck was a special man in many ways. He was a tireless advocate for our fish and wildlife and their habitat. He and Gail were honored by the state dept of fish and wildlife with the Woosley Tract, a public wildlife area on the lower Deschutes River. I shared many meetings with Chuck regarding wildlife issues, including our opposition to commercial elk ranching and other exploitation of our public wildlife resource. He was among the very best of sportsmen, but more than anything, among the very best of humans. We are all the richer for having had Chuck in our lives.

“ Words can not describe how special Chuck is. One of the greatest humans I've ever met. The world lost one of its finest. My best to the family.
