“ *This is so shocking to hear Christy is gone! I just visited with her on the phone last Saturday. We don't even know how she passed. We had recently had her over for dinner and had a great visit. Two of my grandsons just helped her move last month. She brought some roses from her new place when she came to dinner. We are so sorry for the family's loss. I met her mother one time at her apartment several months ago. Douglas and Cheri King*

I am shocked as well. We had her over for several visits and dinners over the past couple years. Particularly enjoyed the visits at our house over the holidays. What a sweet lady.
