“ *Jo, I am saddened to hear of Clem's passing. What a kind and gentle man. Lyle always looked forward to their weekly jaunts to the shooting range from Sunrise. They are both at peace now.*

“ *Janet and I send our condolences. I met Clem a few years before I was a teacher at Philomath High School. Early in the morning on a winter day a car was stalled on Oakville Road outside of Albany. Leaving Clem's parents I took him to the Oldsmobile/Cadillac dealer for assistance. Little did neither one of us know at the time that I would be a teacher under his guidance at the Philomath High School. Mr. Arnold was my mentor and over the years in my career I often ask myself "What would Clem do in this situation?" Sending hugs of love and caring to family and friends of Clement Arnold. RIP Clem. Wayne Kreger*

“ *I first met Mr Arnold when I was in Middle School and worked part time at the Shell Station. He would come in on his BSA motorcycle with Melvin Olson to get fuel. I remember thinking how cool it was that our High School Principal was a motorcycle dude and it was him that got me hooked on Motorcycles! He always went out of his way to talk to me and that made me feel very important. As I became an adult I enjoyed talking with him and always thought of him as my friend! His smile and laugh were infectious and I will miss him!*
