“ I can't believe that I'm just now finding out that Danny's gone.Him and I dated for a short time. In the early 90s. His friend Jeff was always around and at my house in Albany. Danny used to take my daughter Melody and my son Joey for short trips on his motorcycle and they really loved it. This is sad by Danny

My condolences to all of Danny's family. He really was a great guy. Danny was my high school sweetheart and I have many happy memories of the fun times we had together. I have not seen him often since then, but he has always had a special place in my heart and always will.

“ Danny grew up down the street from us. He was friends with my oldest brother for years and was at our house nearly every day. We enjoyed his company and thought of him as a brother. RIP in Danny.

“ I have known Danny for many years...He was the most sweetest, kindest, giving, thoughtful individual you could ever meet.... We had gotten into a car wreck on Hwy 34 on our way to the races...It wasn't his fault but he stayed with me at the hospital to be able to take me home....I lost touch with him throu the years but always thought about him....RIP my friend....Heaven has another angel.....:) <3
