I remember playing with Darlene when we were young girls. My Dad and her Stepdad were Knowles brothers. Recently we have reconnected and I am so sorry to hear of her passing.

“ I "worked" with Darlene when I was in high school & always enjoyed seeing her when I went into the office. Even after graduating high school, we would run into each other on the streets & get caught up on life. It sadden me when I heard of her passing. My condolences to the family. She will be greatly missed by many.

“ I worked with Darlene for many years with the US Forest Service. She was one of the most caring and respected persons I have ever known and she was always there for anyone, for any reason. Not just for work, I mean for anyone, anytime. She knew her job, excelled at everything she did, accomplished more than most could hope for and always made time to be a friend to anyone and everyone. And always...always...that beautiful smile she shared with all of us. With her sweet hello and hug I always felt included and valued. She was one of a kind, in a world that didn't always embrace others from different fields or offices, but for me I never felt any boundaries, just acceptance...I'm so blessed to have known her and shared her friendship.
