“ *My sincere condolences. I worked with Dave for a few years and appreciated his kindness and intelligence. I learned a lot from him. I'll always remember bonding with him over a Space song that They Might Be Giants covered. There is a joy in sharing music and the world around us. I will miss bumping in to him around town.*

I am so sorry about Dave. I know this wasn't unexpected, but it's still so hard. Please know I'm thinking about you and your daughters.*

“ Dear Kim, Jess, and Allie--

This is Jenny Miller from the Montessori Learning Center. I was very sad to hear of Dave's passing. I have worked at Timberhill Athletic Club since leaving MLC so I saw Dave often when he was playing racquetball. I remember him starting in C league and with a lot of hard work and practice he made it to the Men's A-B league. He always had a positive attitude and he was always encouraging to other players. He was also quite a competitor. He liked to win! He will be greatly missed!

“ Kim,

I am very sorry to hear of your loss. 61 is entirely too young. I do hope that you and your children are doing OK.

My most vivid memory of David is his reaction when he returned from vacation to find his desk cleaned off. I am a little worried he never forgave us!

“ *It's hard to believe I won't see Dave's smiling face again, here in the halls of HP. He always had time for a quick chat and always made you feel like he was happy to see you. We missed him once he stopped playing racquetball and I was forever cajoling him to return - that the courts and all of us players missed him. Dave was far too young to be gone from us. He will definitely be missed in many quarters! My deepest sympathies go out to his wife, children, family.*

*We will miss our good neighbor, whose soft jazz often accompanied our gardening efforts on the other side of the fence.
We always enjoyed our chats with him.*

TG

Kim, Allie and Jess, I was lucky to have lunch with Dave several times in the spring of 2018 and even once after my mom had her seizure in May 2018. So I got to say a reluctant goodbye to him, still hoping that the visit with Alan to Mayo Clinic would have yielded a much longer time on this earth. I have thought of him and you three many, many times over these almost-three years.

His teaching me about the disease helped me know how little time I would have with my high-school friend when he and his wife told me of his diagnosis in Spring 2019. And it helped me understand how I could not have even known that my cousin had pancreatic cancer until she was on hospice last month.

The disease moves so fast. And I now know just how tough and aware of himself Dave must have been to have had a year from diagnosis to leaving us.

I don't know if these messages come to you any more. So I will send this in a card as well. Blessings to you all, Theresa Gibney
