“ Denny was one of the nicest fellows one could ever meet. He was a very patriotic American who cared deeply about his community. I was very lucky indeed to have known him. My sincerest condolences to his family.

“ I went to work in 1973 at Lori's Diner in Philomath, I remember serving Denny coffee every day I worked. I got new gold frame glasses then and Denny started calling me granny. He called me that name throughout my adult life. I last seen him and Joan about a month ago. Guess what he said to me. Good Morning Granny how ya doing. RIP Denny I will miss you.
