“ Doug was a great friend going way back. He and Gordon provided Lumber to what was then a young upstart framer. just getting started. I was looking forward to looking him up since we recently and finally moved to Lake Oswego. I think I'll still visit to pay respects. Fair winds and calm seas where every you are bound

“ *Doug was the head buyer when I went to work for NOR PAC in 1980. I learned a lot about the business from him. I still can see that Tiparillo cigars clinched between his teeth when almost everybody smoked on the trading floor. He was one of the good guys that didn't treat the rookies poorly. I respected that. Sorry for your loss Judy.*
