

Edward Cressey Merrill IV

November 3, 1976 - June 4, 2026

Cressey was born in Sacramento CA where he lived until moving to Oregon in the summer before second grade. He graduated from Oregon City HS with honors and Oregon State University. While at the Hatfield Marine Science Center he met the love of his life- SCUBA. He would have preferred to die in the water but sadly he died at his home in Corvallis. He leaves behind his shop, children, parents, sister, cousins, Aunts and Uncles, nieces and nephews and lastly his dear OCHS and OSU friends; you know who you are. There will be no service, but a fantastic charity is the Chelsea Hicks Foundation who was so wonderful during the illness of his late son Cameron.
