“ *My deepest condolences. Ed was the coach of coaches! I was always so impress with the hours and love he put into his coaching! Also felt sorry for Garett at times. Our sons are better men and fathers because of Ed. He is now at peace. Love and prayers to all of you!*

“ *Deepest condolences to Ed's family (Mona, Justin, Tiffany, Trevor, Garett, and all)! As has been said, Ed was VERY INVOLVED with, and concerned for his family's welfare and sports activities. Our Son, Bill, was a CV baseball teammate, and we extremely enjoyed Ed's friendship on the sidelines and in the planning sessions for upcoming events. He was a very dynamic, outgoing, compassionate man and his family was foremost in his mind always. He will be sorely missed!*

“ My sincerest condolences to Justin, Garrett, and the rest of your family. Ed was one of the first coaches I had that really taught me anything about a game that I truly love, giving a chance to skinny, pimply faced 14 year old from Albany on his team of all-stars from Corvallis. Without his tutelage I don't think I would be where I am today, coaching my own team and still involved in soccer. He was a good mentor and friend. My prayers are with you.

“ Dear Mona and family, I worked with Ed for many years in the Controller's Office. I enjoyed his energy, friendliness and sense of humor. His fast response and expert attention to our computer issues was so appreciated. We'd chat away while he worked on setting things right. If I complained about something that had nothing to do with computers, he'd fish a quarter out of his pocket, toss it my way and tell me to call someone who cared. Ed coached my two older kids in soccer. When I needed a piano moved from Newport, he offered Justin and a friend; they did a wonderful job. We will miss Ed! Difficult to believe that he is no longer among us, at least not in body. So very sorry for your loss, and to hear about his illness and the trials of the last few years. Our thoughts, prayers and love are with you and your family. Gail Patterson; Erika, Karl and Dave Frick, and daughter-in-law, Jill Lowers.

“ To us, Ed was a giant of a man, bigger than life.

The memory of Ed that we will always carry with us is that anytime you had a need, Ed would be there to give you the shirt off his back, even if there was no shirt to give. Ed helped each of us be a better person for ourselves, our family and our community.

Your neighbors, David, Deborah, Garrett, and Drew.

“ Our family has fond memories of Ed coaching our daughter's middle school basketball team close to 20 years ago. He was a knowledgeable, enthusiastic and dedicated coach. As parents, we appreciated his commitment and the positive way he worked with the girls. Our daughter adds, "He really pushed and encouraged us as aggressively as he could while still being kind and respectful. You could tell he had a great love of the game and wanted to instill that in his players." Mona and family, we are thinking of you and so sorry for your loss. Barb and Lance Popoff

“ Ed and I shared a chemistry class at Cerritos College so many years ago. Our personalities matched and we became friends. I recall when he introduced me to Mona. It became clear that Mona was a young woman with intelligence, personality and beauty. I couldn't help but question Ed as to how he could wind up together with such a classy woman. The answer was simple, we love each other. A great man, a great couple, a wonderful family and a joy to have friendship with over the years. The memories are sweet for all.

“ I knew Ed and Mona when they were starting their family. I was their primary babysitter to Justin, Trevor and Garet when they were babies.

My memories of Ed is of a young, energetic man that never said no to anything. His heart was huge, and he always expected me to do more than I thought I could. He (AND Mona) taught me more than he (they) could ever know.

One particular memory is of Ed and I out in a field baling hay. I was sitting on the fender of the tractor which was pulling an antiquated baler that I'm sure was loaned to Ed with the caution that the belt didn't stay on. With a string of profanity, he jumped off the tractor (with it still moving down the field) and yelled to me to "keep 'er going straight!" Well, I had only done joy rides with a friend on a tractor. Never with one that was attached to a baler! He was kicking the belt to keep it centered, while I was weaving the tractor all over the field. When we were done, all he said was "good job". "Now I had better get to the hospital, Mona is having a baby."

He was one of my heroes.

My condolences to Mona and the family. I still remember all of you as you were in the 70's. My heart goes out to you.

*Much love

“ *Dear Mona and Family,
I worked with Ed for years when I was in the Controller's Office. He was consistently helpful, funny, and always, always calm and kind. I'm so sorry he was struck by this tragic disease. But the photo of him in the GT brought smiles to my face and lots of fond memories of those years on campus. Lois Courtney*

“ *To Mona and Family,
Barbara and I were so saddened to hear of Ed's passing. Ed was a wonderful, caring, generous and fun-loving man to know. We worked together in Higher Ed. for many, many years. Oh the fun times and many, many laughs we shared together. Barb remembers his teasing and wonderful laugh of his. We know Ed is in a better place now and we will always hold on to his many fond memories. See you down the road, Ed. Our heartfelt Love and Condolences to all of Ed's family and many friends, Jack and Barbara Van Wye.*

“ Dear Mona and Family --

We were shocked to read a notice in the GT and can not tell you how saddened we are. Our daughter Sarah was a tall girl for her age and Ed told her one day - you ought to play basketball - you are just the right height! She was so happy and shocked that an adult would see her a valuable to a team.

We will send prayers skyward in this valley and drink a toast to him at the first summer campfire.

*Grace and Peace
