“ I am sadden by your loss. I just found out about her death by another neighbor Emily was my neighbor when she lived south of Corvallis. She loved birds and loved to watched my flowers so implanted some flowers by her place. It was a pleasure to have seen her enjoyed the simplicities of every day life. Her cat was also an inspiration to her. When she moved to Albany we lost contact. To her family, may you be comforted and may memories of her assist you during this process of grieving. Peace be with you. Rita.
