“ *My thoughts and prayers are with her family. When I think of Aunt Verle, I think of Poplar Bluff because that is where my father (Bob Morse), mother and I would go whenever Aunt Verle and Uncle George were there. I loved Aunt Verle's laugh and smile. She was always so happy and will always be remembered.*

“ *My condolences to her family. When I think of Verle, words like positive, vivacious, and loving come to mind. She marks the end of an era and she will be missed.*

“ Verle you will be missed,we spent many years together growing up. I considered you a sister not an aunt. I know you are now with George and I will continue to send you prayers.
