“ I worked with Gail at OED many years ago. She was a delightful person full of energy and joy. She taught me much about professionalism and excellent customer service. Respectful to all. I have thought of her much in the passing years and missed being around her spirit. What an outstanding gal. She will be missed. Best wishes to her family during this time of sorrow. Remember the good times they will bring smiles to your hearts.

“ I was Gail's supervisor when she worked for O E D. I appreciated her hard work, sense of humor and even temperament. I wish there were more like her. I'm sad for your loss but know she was very respected.
