

## Glenda Hope Clontz

March 27, 1932 - August 27, 2016

Glenda Hope (Loudermilk) Clontz went home to be with her Lord Saturday, August 27, 2016.

Born the third of five children to T. Gus and Abbie Myrle (Sweet) Loudermilk, Glenda was born in Sun City, Kansas and immigrated to New Plymouth, Idaho when she was ten.

She is preceded in death by her parents, older sister June Stallings, and younger sister Lois Rivers.

Family and friends remember Glenda for her "crooked grin", her "mean and ugly" spirit (an inside joke for all that knew her), and her love of birds - especially her hummingbirds. She loved nature and had beautiful gardens. She could grow most anything. She loved dolls and was a collector of hundreds, all named of course.

She is survived by her husband Ray Clontz of Albany (formerly of Corvallis), daughters Larie Trivett of Albany, Lysa Philipson of Albany, and son Terrell Clontz of Corvallis.

The family wishes to thank one hundred fold, the Mennonite Home of Albany. You became her surrogate family; the people that she loved like her own. You gave of yourself in countless ways, and put people above policies. You have supported her family, and continue to do so even after death. You are all amazing people and we could never have finished this long journey without you.

In keeping with her wishes, no services will be held.
