*We had a lot of good times; good memories of swimming, camping, fishing, hiking, biking, barbecuing... I am grateful to call you my friend! You will be missed. I'm glad that we were able to get together. You shared your heart with Beth, Joe, and me. You got real with us and you shared your story. You also shared your faith, love, and passion for painting. I can't wait to be reunited with you in Heaven. I know that you are painting your masterpiece's; you and Bob Ross talking about how happy your brush strokes need to feel... Love you Bro!*

*Hey Doug, I'm so sorry to hear about Greg, as I have been calling and calling him these last few weeks to check on him because he told me he was trying to find a new place to live and how difficult it was to find one. I was just about ready to drive back down to see him when I saw this. I just want you to know that He was a great friend all my life from the day I met him back in 7th grade! Too many good times to list with my good buddy Whip, I'll miss him so much, because no matter how much time went by, or wherever it was that I lived. I could always count on Greg to be there for me, and he was always positive and he just loved life. I would be down and depressed about things, and after talking with Greg, he always made me look at the positive things, and as difficult as life could be on him, he was somehow always positive...I'll miss him a lot...
