“ Dear Jay, Sue & family...I will always have great memories of
Helen...whether it was beach combing down in Pacific City or the
annual Four Seasons Garage Sale, she was so fun to shop with and
help hunt down whatever I was searching for. Best of all was
watching her give
her "last & final offer" on whatever treasure of the day she would
find.
The coolest legacy of hers would have to be her love of travel &
how she would hop on those cargo ships to see the world & meet so
many interesting people. I always enjoyed sitting & visiting with her
when she was around and hear about her latest adventure..what a
unique & amazing lady ...I'll miss you Helen! Bet you're up there
playing bridge already;) ..Respectfully, Barbara Moore
