“ Jeff & Lisa,
Sorry to learn of your dads passing.
Went to work for your dad @ Scoville-Sheppard Ltd. just out of high school in 1967 as a trainee mechanic. Jack was vary caring always had time to talk, joke and interact with his employees. Many mornings he would take use all to the Big O and have coffee and a roll. We were like a big family. Enjoyed helping him with getting the all new 2000 Datsun roadster ready for racing.

“ Jeff & Lisa:
So sorry to learn of your dad's passing. I first met he and Gloria in the early 60's when I was hired as a mechanic for the newly formed Scoville - Shepard Ltd. Jack and I attended many races and autocrosses, he with his yellow Spitfire and me with my Austin Healey. A couple years ago while in Corvallis I looked up Jack at his dealership and that was when I also met with Jeff.
