“ *Deepest sympathy to all of Joyce's family. Family was integral to Joyce. After moving to OR she kept close via mail and phone calls to her brother-in-law, Tom Robak and his wife Edna back in WI. She continued her correspondence even after the death of her husband, Dave. She also sent hand written letters each Christmas to each of Tom & Edna's children. Her letters were filled with the "going-ons" of her kids and then eventually her grandkids through the years.--filled with pictures and love! She faithfully called Tom each March to wish him a happy birthday and before she traveled to Yuma AZ each year. Her and Tom's wife, Edna, were the glue that bound two brothers together. Our final memory of Joyce was a phone call to wish her well in her new place at Bonaventure Albany. We discussed family life and that we had gone to visit and clean up some family gravestones including the Raymaker plot at Woodlawn Cemetery.(burial site of her parents, grandparents, brother and daughter) She was elated that someone would be taking care over that part of her family. So, it was truly fitting that her children and grandchildren(and greats) could surround her in her final moments here on earth. It was the best and most loving gift she could have asked for!! Love and prayers, Tom and Edna Robak and their children, Sue, Sharon, Dan and Janet and their families*

“ With this final goodbye, the grief hangs heavy, like dark clouds around my heart. Joyce was a joy to be around, and so loved among our Villa family. We have so many memories that will be treasured forever. Will miss you, but we love you for the rest of our lives. You are blessed with a very caring family , loved and looked after. Our deepest sympathy to you all.
