I am just now seeing this. Kelly and I were best friends from HS years. We both worked our first job at Jack in the box. We both bought our first mopeds. Often she stayed with me when her dad did boat trips. I lost contact with her over 30 years ago.

Kelly lived in my building and I saw her every time I came or went, outside smoking a cigarette. Her outfits were the highlight of my days. She was the most creative person, and ballsy enough to wear her creations in public! The feathers! The sequins! The pugs! I loved her spark and miss her every day.
