“ Carolyn and Bev,

Sending happy memories of your Dad, he was a kind man and touched many lives. Our memories of him at CUMC and walking in the neighborhood always stopping to say hello with his wonderful smile. He had such a kind heart. Cherish those memories.

*Love and Hugs,

“ Bev and Carolyn,

We were sorry to learn of Kyle's passing, although we know he lived a good, long life. As you are well aware, your father was a character. He almost always had a smile on his face and kind words for people in his presence. He was a jack-of-all-trades, and those skills served him well as a member of College UMC. I think my fondest memory will be watching him interact with anyone who entered the church on Sunday morning - he always had a kind greeting for them and then pointed out where the essentials were located. We are sorry we will be unable to attend his service, but we will be enjoying one of his favorite things to do (camping). Know that he will live on in the memories of his many friends at College UMC and in Philomath. Love to you both.
