“ Allen was always helpful to me with facilities needs in our church community. When other people shrugged, he knew what to do. He had lots of practical knowledge and a willingness to give his time and energy.

“ I remember Allen so fondly as an especially kind and helpful Amateur Radio Emergency Services volunteer in Benton County. He was a dedicated, extremely knowledgeable and valuable team member in often difficult and challenging situations. His caring and compassion are top of mind for me. Rest well Allen. ❤️
