Larry was born in Waterloo, IA on July 10, 1939; lived in Indianapolis, IN; Altadena, CA where he and his father built a go cart for the Soap Box Derby and a chess table on which they played the game and in Rancho Cordova, CA where he built a telescope from scratch and ground the mirror. He enjoyed having his telescope housed at U of C at Davis until he graduated in 1963 with a BS in Mathematics.

Larry married his college sweetheart, Sharon Louise Krug, August 29, 1964. They lived in SF, CA for 19 years. While deciding how to use his degree he published "A Doodling Problem" in the Mathematics Magazine in 1969. He received his teaching degree from U of SF. He taught at El Camino HS in SF until 1980. Larry was intelligent, creative, artistic, witty, diligent, kind, loyal, and honest to the mark. He was a gifted Renaissance man who loved the classics, old time hymns and Shakespeare. In the early years he and Sharon enjoyed traveling the country to visit family in Iowa. He enjoyed astronomy pointing out the

constellations and sharing the wonders of the universe through his telescope. Always the teacher, he enjoyed pointing out the planets and their differences. A special thank you to the staff at Conifer House Memory care and to Serenity Hospice.

“ Oh' Larry, I will miss our fun times teasing each other. Coal in our stockings and etc,. I know that you are in Heaven having a chat with Mitch and in no more pain. We are the ones that our hearts are aching in sorrow, but also rejoicing that you are free in Heaven with the LORD. Our heart will heal, you will not be forgotten.
