

Lois Vivian Greig

December 29, 1925 - March 28, 2024

On Thursday, March 28, 2024, Lois Vivian Grieg took her last step on this earth and crossed to be forever in the arms of her husband Wallace D. Grieg. She will carry with her loving hugs for daughter Nancy and son Douglas. She will be greeted in celebration by all who have crossed before her. For now, daughter Diana and sons Glenn and Brett will stay and remember.

She was a woman who, despite working full time at the OSU seed laboratory and helping her husband, who also worked full time at OSU, ran a small farm. She spent her free time, in a loving and caring manner, devoted to her family.

In later life she was passionate about quilting and learning, up to the time of her passing.

She will be greatly missed.
