“ So very sad to read that Lori had passed away. She had been on my mind since the last time I saw her, so finally decided I needed to message her to see how she was doing. Was disappointed to hear they hadn't figured out what her health issues were caused from. I've done Lori's hair for many years and always looked forward to our time together! Mostly talked about our kids and grandkids and how much we adore them. She was such a devoted, loving person and will be greatly missed! My thoughts and prayers for healing and please know how much she meant to me! Tracy Brewster
