“ *I was sorry to learn of Marcella's passing. She was a friend, and a dedicated worker in the OSU Chemistry Department for many years. Her bookkeeping expertise was much appreciated. My condolences to her family.*

“ *When I remember Marcella, I remember the wonderful Christmas parties she organized for the OSU Chemistry Department. She wouldn't accept help from anyone. And I also remember her love of her cats. They were so important to her. As was her nephew. She often spoke highly of him.*
