“ *The world lost a special lady the day Marie passed. I loved her strength. She was a positive energetic lady who loved life to the fullest, until she lost the love of her life, her husband Willard. She missed him very much. Her family was very important to her and did a lot in supporting each and everyone of her children and grandchildren in all the many sports events. She was one of a kind. She touched the lives of many and will be missed very much. Marie, may you RIP. I love you girl.*

“ *Marie took care of more than just the school janitor job at Blodgett Grade School, she watched out for the kids too! She respected us and for one, I felt she really cared if I did good or not...she made a difference in lives. Her children are blessed to have had her for their mother and that makes it a BIT easier, but loss is loss no matter what. She deserved to go on to the next step of her journey and personally am very happy for her. Thank you Marie, Naomi Davis Jacks*

“ *The Directors and Employees of Pioneer Telephone Cooperative have fond memories of Marie. Willard and Marie were always strong supporters of the Cooperative. We still remember Marie supervising the baking contests at Pioneer's annual meetings several years ago. While Willard was Board President, they attended National Telecom Cooperative Association meetings to keep up with a rapidly changing industry. They are both greatly missed.*
