“ Please accept our sympathy for your loss of Marsha. I (Mary) remember meeting Marsha for the first time when delivering welcome to the neighborhood cookies. She was so excited to be back in the neighborhood and to be close to her daughter and grandson. We know you will all be missing her so very much. You all remain in our thoughts and prayers.

“ Our family was so sorry to hear of Marsha's death. They had just moved into our neighborhood. I only got to visit with Marsha once when I brought her welcoming cookies. She was so excited about being back in the neighborhood. We had a very nice visit. Our thoughts and prayers are with your family during this very difficult time.
