“ Ressie:
I remember riding the old yellow Mtn. View Baptist church bus Dad (Robert C. Wilson) drove, as it stopped for you at the Arboretum. But I know you mostly as my mother's (Ethel Wilson's) good friend. I also recall that your daughters were my sister's friends. I'm saddened to hear of your loss. I hope, in this time, that you find comfort in the good memories and times of joy in your many years together, and in the the support of family. May our Lord bring you His peace today.

“ It was a shock to find out about Morris' passing. We have Continental Transmission, and he is our longest running customer. He had the run of the place where no other customers would see. Mainly because he was not just our favorite customer, he was our friend. He would always come into the private offices and hang out with us while his car was being serviced, instead of sitting in the waiting room. We spent many many hours through the years exchanging barbs with one another, and critiquing social problems, sometimes finding non socially acceptable answers. We here will miss him greatly. Our condolences to your family. Steve

“ *Morris, has been coming to our shop, (Continental Transmission)for about 30 years. I always looked forward to seeing, and talking with him. He could always put a smile on my face. He was a pleasure to know. I will miss him greatly. He was the type of person the world needs more of. I am sincerely sorry for your loss. Pat Rogers*

“ *I worked with Red in the early 80's at Philomath. I was fresh out of college and he was the Forest Practices Forester. We all called him the "Bushmaster" but I am not sure why. We would run into each other throughout the years. It was always a treat to see him. He never changed. He always had a funny story to tell or a bad joke. Our sympathy to the family on your loss of this great guy. Dan & Susan*
