“ I just learned this morning of Pat's death and I am greatly saddened. I always enjoyed working with Pat, talking about fishing, hunting and the outdoors. I have very fond memories of playing tennis with him and JoEllen where we not only got some exercise, but had many laughs as well. I will always remember how delightful all of their children were and are, as this is a true reflection of how Pat and JoEllen raised them. Rest in peace Pat, my heart is sad hearing of your passing, but at the same time, I smile inside knowing you and your best friend and soul mate are once more together and now for eternity! Cheers Bud!

“ I was sorry to hear about Pat's passing, he was a good friend of mine during the time we worked together at HP. I enjoyed going hunting and fishing with him. He was a good listener and always ready to give helpful advice when needed. He was always so proud of his family and I enjoyed hearing stories about all of them. Rest in Peace, Pat.

“ I am a cousin of Patricks and would like to offer my condolences. His father is my mothers brother. Her name was Josephine. So sorry or his passing.

Deanna Lowe Hatcher - January 11, 2016 at 03:31 PM

RD

“ We first met Pat when we moved in as a neighbor to Pat and the family almost 30 years ago; though we moved away a few years later we kept in touch either streamside while he fished for steelhead, in the parking lot at BiMart or some other place where we'd talk for an hour or more about life, kids, our love for our departed wives and how we look forward to seeing them again. Pat's health issues are over and he's still just as proud of all of his kids as ever; nothing made that big, friendly grin wider than talking about them! He had a perfect brightness of hope that he'd be with his beloved JoEllen and I hope it was a great reunion. Pat was and is a good man with a kind and generous heart, a man devoted to his wife, children and those he called friends. Though I considered him a friend, I can't say that I share his love of speed and declined to take his advise to push my BMW motorcycle to 140mph.....friendship does have its limits!! To Pat's family, your dad loves and cares for you, his struggles in mortality are over and I am certain that he and your Mom hope that you will be there for each other, just as you were for both of your parents in their time of trial. I am honored to have known these good people and my thoughts, prayers are with you as is my desire to help in any way possible in the days ahead.

“ So sorry to hear of Pat's passing. I have known him back all the way to the HP shops in Palo Alto, Calif. when we were both apprentices and before he and Joanne were married. He was a top "Mechanic and Tool Maker" and we spent a few days together here in Oregon fishing for Salmon & Steelhead. We worked together a HP Corvallis until we retired. I'll remember him for his big smile and upbeat lifestyle. He was VERY proud of his wife and family. R.I.P. my friend.

“ To the Lee family:

Your Father was a very good friend of mine he was a man of his word and I could count on him if I needed to. Pat was a great tool maker I worked with him for many years a great employee of HP. But the most important he was proud of his family, He always talked about his kids and his wife. I am so sad to here this news. Please if there is anything I can do to help please call or email me wrgrubbs @comcast.net 541 760 5692

Our family, including my parents who knew Pat, were saddened to hear the news of Pat's passing. I last chatted with Pat a couple of months ago - and verified that I had his phone number correct for a planned get-together.

I will always remember great times with Pat - he was a sharp modelmaker who was always willing to share and help. He had a lot of great stories and observations, and I felt privileged to call him friend.

Remembering Pat as a great tool maker and a person I enjoyed working with at HP. He always had good advice to give me. Got to fish once with him off the Newport jetty. It was a good time that I will always remember. My wife Carole often met Pat at the grocery store and she said he always could make her smile and laugh. I am grateful to have known Pat during those years at HP. Regards Glen and Carole Duncan
