“ *Your dad was a good and gracious man. I got to know him at First Christian Church in Corvallis. I will always remember his quick and easy smile and his very personal notes and letters. Your dad took time for people. He listened and cared. Even in these last days when his hearing made communication difficult, he was gracious and welcoming to elders bringing him communion and sharing stories of the church and its members. We will miss him. We hold each of you close in our hearts and thoughts and prayers. Patricia Eide*
