RM

“*Rosalie and Pete both will be long remembered for the extensive philanthropic work which they did to benefit the local community. As a member of the Benton County Historical Society I am so thankful for the impetus which they provided in moving the Corvallis Museum forward and, of course, in dedicating significant sums as well to the Collection Center in Philomath which bears their name. They will both be fondly long remembered. I apologize for this delayed message as I wasn't aware of Rosalie's death until just recently.*
Ron and Ann Marek”
