“ Dear Shelley's Family,

Shelley was in my 5th and 6th grade class at Bellfountain Elementary School. I think she enjoyed the social aspect of school, but to be honest she wasn't really that crazy about the studying aspect. She loved to listen to our oral reading books, and I recall she cried for days or possibly weeks after I finished "Where the Red Fern Grows". I also coached her in volleyball, basketball, and softball up through 8th grade. She was so strong! When she served the ball it would often sail out of bounds unless it hit one of the other team's players. That smile of this picture reminds me of her back those many years - thinking of that smile brings a smile to my face. I am so sorry for your loss! I pray for comfort for you all. Jolie Charles

“ Dear Britney and your family.

We were very sorry to hear of the loss of your mother and the grief that is now part of your lives. We only knew your mother from the occasional times when she was with you as you picked up Cameron. I was very impressed by your mother for her courage in dealing with the hard blows of life. Still she maintained what appeared as a happy disposition given what was not easy to cope with, but of course you all know that better than we do. I hope you will all remember what was good and happy and remember that the sun always shine above the clouds.

Love
