“ *This makes me so sad to find. I was looking up Tom to see how life was for him. I always enjoyed his company at school and we remained friends after, until life took us on a different journey. I will always recall him fondly. Much love, Gabby West*

“ *I was saddened to hear of Tom's passing. He was much too young to leave this world. Although I didn't keep up with him after high school I considered him a friend. He always made me laugh and also provoked thoughtful discussions. I will keep you, his family, and his loved ones in my prayers. Sincerely, Julia Knapp Miller*
