“ Hello my name is Anna Buster, I once worked at StoneyBrook Assisted living. I used to take care of Vera and help her with her daily needs. She also attended the same church as i did when I was growing up. She knew my family and had been friends with them. Taking care of Vera was always a nice time, she was very sweet and sometimes even humorous. I took care of her among other residents for about a year and I can tell that Vera was definitely one of my favorite ladies, she was cheerful when she saw me and was always up fro giving me life advice. She will be missed and never forgotten. Love you Vera. <3

“ I always enjoyed your Mom and family. There was always fond memories of the horsey adventures we were involved in together. She was always trimming her own horses feet, which amazed me. She loved her horse and the times she was able to spend with it. I'm sure you will miss her greatly, but know she will always be looking down on her family adventures.

Take care
