“ I miss my uncle he was an amazing person he put others first and opened up his home. He was a big part of my life I remember going camping fishing and just hanging out. He traveled with his truck all over. RIP uncle bill I love you.

“ I knew John Anderson as a teenager, back when he was an Explorer Scout. He was always so polite and kind, smart and measured in the things that he did and said. He was a great role model and a very good friend to all of those fortunate enough to share space with him. I will never forget him.

“ My brother taught me so many things growing up. He would tell me to be kind to others, just as if you would want them to be to you. I remember him beating me at chess all the time. Billy loved to fish camp, as long as he was outdoors. Billy would give you his last dollar, even if it would be hard on him financially. Billy was a truck driver for many years and that's a hard life, and it showed in his appearance as well as his attitude. But no matter what I loved him.
