

## William Chilton

April 14, 1942 - November 7, 2010

William James Chilton passed away on Sunday, Nov. 7, of a massive heart attack.

He is survived by three children, William David Chilton, Angie Pratt and Deborah Harpine; one son-in-law; five grandchildren; two great-grandchildren; and many other close relatives. He was a longstanding member of the Philomath community, and past member of local associations such as the Jaycees. Graduating from Philomath High School, he made many close long-term friendships that death will not diminish.

Bill enjoyed hunting, fishing, camping, Chevys, and Bolens tractors. He owned his own business, Chilton Electric, and worked all around Benton County and surrounding areas.

His legacy of loyalty, fun, love and, above all, family will live on in everyone who knew him. He has left a void in our lives and will be very much missed, though we know he is watching over us, egging us on, and laughing at us as much as protecting us.

A celebration of his life for any and all who would like to join family and friends will take place from 1 to 5 p.m. Sunday, Nov. 14, at the Philomath Scout Lodge by Mid-Valley Gravel. Bring yourself, a dish or treat, and your memories to share. All are welcome.
