“ *Master Sergeant Doerr was my supervisor in the Air Force during the mid-seventies. I remember his professionalism and dry sense of humor. He also owned a very cool car. Rest in peace, Wolfgang.*

“ Wolfgang "Joe" Doerr, what a guy! A great neighbor for 32 years, gardener officiator, and we have had many good times & memories. One such memory happened about 2 decade ago. I was running a black bear study for the state that required me to trap them using a snare. It took two people to immobilize the bear and put a radio collar on it. I called Joe on short notice to see if he could help me. He was initially unclear what I was asking and then said that is about the fool heartiest thing I have ever heard. What time are we leaving and do you think we will get a bear? The next day we got one! And, Joe was pretty excited, which was rarely seen.

Joe also gave me one of the best compliments I have ever received. We had been working together putting up a fence for several days. And, when he was leaving he said “I think we make a pretty good team.”

Joe was a good friend and will be missed but not forgotten! Until we meet again, Rest In Peace!!

“ Joe was a wonderful man. Such enjoyable visits with Sandy and Joe at the River home. Loved seeing Joe on the boat with Sandy, fishing. Joe was very bilingual and helped me with German. His garden pictures were stunning. My love and prayers are with Sandy and family at this sad loss. Memories of Joe will always live on, in our hearts.

“ Joe has been a neighbor for 22 years. The Doerr's yard adjoins mine and I have watched over the years how Joe kept his property in a state of beauty and productivity. His vegetable garden, I told a friend once, was so well cared for that even the dirt was clean enough to eat off of. A line of flowering plum trees makes an allée along his driveway, fragrant in spring with white flowers, and later in summer handsomely shaded with dark purple-red leaves. Joe kept these trees pruned to perfection.

Everything in Joe's yard as well as in the garden was tended to in the right season. My yard by comparison is wild, kept that way for wildlife. That contrast made it all the more remarkable to me how much of a skilled landscaper Joe was, how much beauty he provided around their home.

Joe was a worker, always out on the property, keeping it in trim. Now the sounds of his working are absent, and I miss that presence of his energy. May Sandy and all the family know how much his work was admired and his goodness appreciated. Peace to him and all of them; may their loss at the end of his life be balanced by all that came before it.
